

REMNANTS OF A SEPARATION: A HISTORY OF THE PARTITION THROUGH MATERIAL MEMORY

BY Aanchal Malhotra (Accession No. 64126)

Abstract: Remnants of a Separation is a unique attempt to revisit the Partition through objects that refugees carried with them across the border. These belongings absorbed the memory of a time and place, remaining latent and undisturbed for generations. They now speak of their owners pasts as they emerge as testaments to the struggle, sacrifice, pain and belonging at an unparalleled moment in history. A string of pearls gifted by a maharaja, carried from Dalhousie to Lahore, reveals the grandeur of a life that once was. A notebook of poems, brought from Lahore to Kalyan, shows one womans determination to pursue the written word despite the turmoil around her. A refugee certificate created in Calcutta evokes in a daughter the feelings of displacement her father had experienced upon leaving Mymensingh zila, now in Bangladesh. Written as a crossover between history and anthropology, Remnants of a Separation is the product of years of passionate research. It is an alternative history of the Partition - the first and only one told through material memory that makes the event tangible even seven decades later.

TOMB OF SAND: WINER OF THE INTERNATIONAL BOOKER PRIZE 2022

BY Geetanjali Shree and Daisy Rockwell (Accession No. 64128)

Abstract: Winner of an English Pen Award SHORTLISTED FOR THE INTERNATIONAL BOOKER PRIZE 2022 In northern India, an eighty-year-old woman slips into a deep depression after the death of her husband, and then resurfaces to gain a new lease on life. Her determination to fly in the face of convention - including striking up a friendship with a transgender person - confuses her bohemian daughter, who is used to thinking of herself as the more modern of the two. To her family's consternation, Ma insists on travelling to Pakistan, simultaneously confronting the unresolved trauma of her teenage experiences of Partition, and re-evaluating what it means to be a mother, a daughter, a woman, a feminist. Rather than respond to tragedy with seriousness, Geetanjali Shree's playful tone and exuberant wordplay results in a book that is engaging, funny, and utterly original, at the same time as being an urgent and timely protest against the destructive impact of borders and boundaries, whether between religions, countries, or genders.

BOSE: THE UNTOLD STORY OF AN INCONVENIENT NATIONALIST

By Chandrachur Ghose (Accession No. 64130)

Abstract: There are not many Indian heroes whose lives have been as dramatic and adventurous as that of Netaji Subhas Chandra Bose. That, however, is an assessment of his life based on what is widely known about him. These often revolve around his resignation from the Indian Civil Service, joining the freedom movement, to be exiled twice for over seven years, throwing a challenge to the Gandhian leadership in the Congress, taking up an extremist position against the British Raj, evading the famed intelligence network to travel to Europe and then to Southeast Asia, forming two Governments and raising two armies and then disappearing into the unknown. All this in a span of just two decades. Now, new information throws light on Boses intense political activities surrounding the revolutionary groups in Bengal, Punjab, Maharashtra and United Provinces, his efforts to bridge the increasing communal divide and his influence among the splintered political landscape; his outlook and relations with women; his plunge into the depths of spirituality; his penchant for covert operations and his efforts to engineer a rebellion among the Indian armed forces. With this new information, what appeared to be dramatic now becomes more intense with plots and subplots under one mans single-minded focus on freeing the motherland and envisioning its development in a new era. Furthermore, one of the most sensitive issues that have prevented political parties and successive governments from talking much about Bose is his joining the Axis camp. While Jawaharlal Nehru and other prominent Congress leaders publicly denounced the move, the Communist Party of India went on to a prolonged vilification campaign.

Sardar Patel issued instruction to Congress leaders to defend the INA soldiers without eulogizing their leader. Was Bose really a Nazi sympathiser? Knowing very well about the strong public opinion that existed among the political leadership and the intelligentsia in India against Nazi Germany, Fascist Italy, and imperial Japan, why did he risk his own political image by allying with the Axis powers? Pacey, thought-provoking and absolutely unputdownable, *Bose: The Untold Story of an Inconvenient Nationalist* will open a window to many hitherto untold and unknown stories of Netaji Subhas Chandra Bose.

IN THE LANGUAGE OF REMEMBERING: THE INHERITANCE OF PARTITION

By Aanchal Malhotra (Accession No. 64131)

Abstract: Oral historian Aanchal Malhotra's first book, *Remnants of a Separation*, was published in 2017 to mark the seventieth anniversary of India's Partition. It told a human history of the monumental event by exhuming the stories lying latent in ordinary objects that survivors had carried with them across the newly made border. It was acclaimed for the freshness of its approach to a decades-old, much-written-about subject. But more significantly, it inspired conversations within families: between the generation that had witnessed Partition and those who had only inherited its memories. *In the Language of Remembering*, as a natural progression, explores that very notion as it reveals how Partition is not yet an event of the past and its legacy is threaded into the daily lives of subsequent generations. Bringing together conversations recorded over many years with generations of Indians, Pakistanis, Bangladeshis and their respective diaspora, it looks at how Partition memory is preserved and bequeathed, its consequences disseminated and manifested within family, community and nation. With the oldest interviewees in their nineties and the youngest just teenagers, the voices in this living archive intimately and sincerely answer questions such as: Is Partition relevant? Should we still talk about it? Does it define our relationships? Does it build our characteristics or augment our fears, without us even realizing? As the subcontinent marks the seventy-fifth anniversary of Partition, *In the Language of Remembering* will most importantly serve as a reminder of the price this land once paid for not guarding against communal strife - and what could happen once again should we ever choose division over inclusion.

TO RAISE A FALLEN PEOPLE: HOW NINETEENTH CENTURY INDIANS SAW THEIR WORLD & SHAPED OURS

By Rahul Sagar (Accession No. 64144)

Abstract: Should India strive to be a great power or a moral one? Should it protect its markets or support free trade? Should religious or ethnic considerations influence its diplomacy or not? Should it accept Western values or promote its own civilization? As India rises, these questions have come to dominate public discussion. But few realize how deep the fault lines run. In this groundbreaking anthology, Rahul Sagar shows that contemporary debates on the role that India should play on the world stage actually originated in the nineteenth century. This was the era in which public figures began imagining India's place in the world. Through newspapers and periodicals that had started circulating in the country, they disseminated competing ideals that shaped subsequent generations and continue to provoke disagreement today. By uncovering and outlining these historic debates, *To Raise a Fallen People* sheds new and invaluable light on India's past—and its present.

DAUGHTERS OF THE SUN: EMPRESSES, QUEENS & BEGUMS OF THE MUGHAL EMPIRE

By Ira Mukhoty (Accession No. 64146)

Abstract: In 1526, when the nomadic Timurid warrior-scholar Babur rode into Hindustan, his wives, sisters, daughters, aunts and distant female relatives travelled with him. These women would help establish a dynasty and empire that would rule India for the next 200 years and become a byword for opulence and grandeur. By the second half of the seventeenth century, the Mughal empire was one of the largest and richest in the world. The Mughal women unmarried daughters, eccentric sisters, fiery milk mothers and powerful wives often worked behind the scenes and from within the Zenana, but there were some notable exceptions among them who rode into battle with their men, built stunning monuments, engaged in diplomacy, traded with foreigners and minted coins in their own names. Others wrote biographies and patronised the arts. In daughters of the sun, we meet remarkable characters like Khanzada begum who, at sixty-five, rode on horseback through 750 kilometres of icy passes and unforgiving terrain to parley on behalf of her nephew, Humayun, Gulbadan begum, who gave us the only document written by a woman of the Mughal royal court, a rare glimpse into the harem, as well as a chronicle of the trials and tribulations of three emperors Babur, Humayun and Akbar her father, brother and nephew, Akbar's milk mothers or foster-mothers, Jiji Anaga and Maham Anaga, who shielded and guided the thirteen-year-old emperor until he came of age, Noor Jahan, 'light of the world', a widow and mother who would become Jahangir's last and favourite wife, acquiring an imperial legacy of her own and the fabulously wealthy begum sahib (princess of princesses) Jahanara, shah Jahan's favourite child, owner of the most lucrative port in medieval India and patron of one of its finest

cities, (No Suggestions). The very first attempt to chronicle the women who played a vital role in building the Mughal empire, daughters of the sun is an illuminating and gripping history of a little known aspect of the most magnificent dynasty the world has ever known.

TEARS OF THE BEGUMS: STORIES OF THE SURVIVORS OF THE UPRISING OF 1857

By Khwaja Hasan Nizami (Accession No. 64151)

Abstract: Apart from the fifteen years that Sher Shah Suri snatched upon defeating Humayun, the flag of the grand Mughal Empire flew over Delhi undefeated for over 300 years. But then, 1857 arrived and the mighty sword fell helpless in the face of a mightier British force. After the fall of Delhi and Emperor Bahadur Shah Zafars tragic departure from the Red Fort in 1857, members of the royal Mughal court had to flee to safer places. Driven out from their palaces and palanquins onto the streets in search of food and shelter, the dethroned royals scrambled to survive. Some bore their fate with a bitter pride, others succumbed to the adversity. Through twenty-nine accounts of the survivors of the Uprising of 1857, Khwaja Hasan Nizami documents the devastating tale of the erstwhile glorious royaltys struggle with the hardships thrust upon them by a ruthless new enemy. In vivid and tragic stories drawn from the recollection of true events, Nizami paints a picture of a crumbling historical era and another charging forward to take its place. With the reminiscence of past glory contrasted against the drudgery of everyday survival, Tears of the Begums – the first ever English translation of Nizamis invaluable Urdu book Begumat ke Aansoo – chronicles the turning of the wheel of fortune in the aftermath of Indias first war of independence.

ODISHA: THE RAILWAY STORY
By Dilip Kumar Samantray (Accession No. 64152)

Abstract: This is the first book which tells the story of the Railways in Odisha. The Indian Railways are the 'life-line' of the nation. Apart from being an important mode of transportation for freight and passengers, the railways in India have been a great integrating force for more than 160 years. Similarly, the more than a century long history of railway development in Odisha has been a checkered one. Apart from interesting historical facts about the growth and expansion of railways in India this book contains fascinating stories about the development of railways from a nascent stage to be an engine for facilitating economic development and prosperity for the state of Odisha. The book throws light on the debate about the priority between irrigation and railway in the wake of the Great Famine of Odisha in 1866. It also brings out several facts, unknown to many like that railways came to Jharsuguda section of Odisha and not to Cuttack-Bhubaneswar section in the late nineteenth century. This book is a revelation about the game changer role played by two princely railways of Odisha. It also elaborates the implications of railway development on the socio-economic life of the people and state of Odisha over last more than a hundred years. It is a comprehensive, first of its kind literature on the history and development of railways in Odisha.

THE ILLUSTRATED
Ramayana
THE TIMELESS EPIC OF DUTY, LOVE, AND REDEMPTION

(Accession No. 64166)

Abstract: India's most beloved epic is brought to life with The Illustrated Ramayana that tells the story of Rama, the legendary warrior prince of Ayodhya. The Ramayana is an epic that transcends time itself. The story of Rama, the exiled prince of Ayodhya who battles the evil Ravana, the king of Lanka, and rescues his abducted wife, Sita, is about much more than the eternal battle of good versus evil. It is a tale of love, friendship, loyalty, devotion, righteousness, and deliverance. Ramayana and Rama, whose journey is told in the epic, are embedded in India's cultural consciousness, but at the same time they transcend borders. Various versions of the Ramayana can be found across the Indian subcontinent and in parts of southeast Asia. Created in consultation with distinguished economist, scholar, and translator, Dr Bibek Debroy, The Illustrated Ramayana draws from one of its earliest composers, the celebrated sage and poet Valmiki. It uses a combination of text and stunning images drawn from a variety of sources – from historic and contemporary artefacts, paintings, photographs, and performances – to tell Rama's story, as he walks the path that destiny creates for him. Foreword by Dr Bibek Debroy, Chairman of the Economic Advisory Council to the Prime Minister of India. Valmiki's Ramayana told in an easy-to-read manner. One-of-a-kind comprehensive, linear, and visual narrative, which is a treat to the eyes. Explores different aspects of the Ramayana, including other influences and works making it a truly global product. Ideal gift for special occasions such as Diwali. Collector's item for those interested in mythology, religion, or would like to explore the world of Indian epics.

Abstract: Considered by many to be the iconic French memoirist's defining work, *The years* is a narrative of the period 1941 to 2006 told through the lens of memory, impressions past and present, cultural habits, language, photos, books, songs, radio, television, advertising and news headlines. Annie Ernaux invents a form that is subjective and impersonal, private and communal, and a new genre – The collective autobiography – in order to capture the passing of time. At the confluence of autofiction and sociology, *the years* is a remembrance of things past for our age of media domination and consumerism (New York Times), a monumental account of twentieth-century French history as refracted through the life of one woman. *The years* is a revolution, not only in the art of autobiography but in art itself. Annie Ernaux's book blends memories, dreams, facts and meditations into a unique evocation of the times in which we lived, and live. —John Banville, author of *Mrs Osmond*.

Abstract: Sufism, called the mystical dimension of Islam, is known for its inclusive nature, as well as its ethics of love and compassion, its devotional music, art and architecture. In India's syncretic culture, Sufism developed a distinct character, and harmoniously embraced the Bhakti traditions of North India. Rana Safvi's *In Search of the Divine* delves into the fascinating roots of Sufism, with its emphasis on *ihsan*, *iman* and *akhlaq*, and the impact it continues to have on people from all communities. Safvi relies not only on textual sources but also on her own visits to *dargahs* across the country, and the conversations she has with devotees and *pirs* alike. The book evokes in vivid detail the sacred atmosphere she encounters – the reverent crowds, the strains of *qawwali* and the fragrance of incense, as well as highlights the undeniable yet often forgotten contributions of women in Sufism. The resulting text is at once modern and a tribute to the rich and textured past. Weaving together fact and popular legend, ancient histories and living tradition, this unique treatise examines core Sufi beliefs and uncovers why they might offer hope for the future.

But Agnes is abandoned by her philandering husband, and soon she and her three children find themselves trapped in a decimated mining town. As she descends deeper into drink, the children try their best to save her, yet one by one they must abandon her to save themselves. It is her son Shuggie who holds out hope the longest. Shuggie is different. Fastidious and fussy, he shares his mother's sense of snobbish propriety. The miners' children pick on him and adults condemn him as no' right. But Shuggie believes that if he tries his hardest, he can be normal like the other boys and help his mother escape this hopeless place. Douglas Stuart's Shuggie Bain lays bare the ruthlessness of poverty, the limits of love, and the hollowness of pride. A counterpart to the privileged Thatcher-era London of Alan Hollinghurst's *The Line of Beauty*, it also recalls the work of Édouard Louis, Frank McCourt, and Hanya Yanagihara, a blistering debut by a brilliant writer with a powerful and important story to tell.

Abstract: In the seventy or so years since Independence, much less has been written about the Princely States which acceded to Pakistan than those that remained in India. The name of the once great State of Bahawalpur is no longer remembered among its well-mapped peers over the border in Rajasthan. This book is based on conversations with Salahuddin Abbasi, grandson of the last ruler of Bahawalpur and born a year before Partition. Starting with the history of his State and his family, his memories add light to stories of Bahawalpurs princes from old records, letters, and the accounts of British travellers and civil servants. They also encompass a lifetime of first-hand experience of the political life of Pakistan and his relationships with the countrys leaders. The nations troubled history has clouded a clear picture of it and shrouded its component parts. From the microcosm of Bahawalpur, this account helps to join the dots of a more coherent view of the macrocosm of Pakistan and queries the future route of the Islamic State.

Abstract: THE PHENOMENAL KOREAN BESTSELLER PSYCHIATRIST: So how can I help you? ME: I don't know, I'm – what's the word – depressed? Do I have to go into detail? Baek Sehee is a successful young social media director at a publishing house when she begins seeing a psychiatrist about her – what to call it? – depression? She feels persistently low, anxious, endlessly self-doubting, but also highly judgemental of others. She hides her feelings well at work and with friends; adept at performing the calmness, even ease, her lifestyle demands. The effort is exhausting, overwhelming, and keeps her from forming deep relationships. This can't be normal. But if she's so hopeless, why can she always summon a yen for her favourite street food, the hot, spicy rice cake, tteokbokki? Is this just what life is like? Recording her dialogues with her psychiatrist over a 12-week period, Baek begins to disentangle the feedback loops, knee-jerk reactions and harmful behaviours that keep her locked in a cycle of self-abuse. Part memoir, part self-help book, *I Want to Die but I Want to Eat Tteokbokki* is a book to keep close and to reach for in times of darkness.

Abstract: WINNER OF THE 2022 BOOKER PRIZE A searing satire set amid the murderous mayhem of Sri Lanka beset by civil war Colombo, 1990. Maali Almeida, war photographer, gambler and closet gay, has woken up dead in what seems like a celestial visa office. His dismembered body is sinking in the Beira Lake and he has no idea who killed him. At a time when scores are settled by death squads, suicide bombers and hired goons, the list of suspects is depressingly long, as the ghouls and ghosts who cluster around him can attest. But even in the afterlife, time is running out for Maali. He has seven moons to try and contact the man and woman he loves most and lead them to a hidden cache of photos that will rock Sri Lanka. Ten years after his prizewinning novel *Chinaman* established him as one of Sri Lanka's foremost authors, Karunatilaka is back with a rip-roaring epic, full of mordant wit and disturbing truths.

Abstract: Shivshankar Menon gives an insiders account of the negotiations, discussions and assessments that went into the making of five pivotal choices in Indias recent history. These include the decision not to use overt military force against Pakistan after 26/11; the civil nuclear deal with the United States; the border agreement with China; the response to the last months of Sri Lankas brutal civil war; and the thinking that underlay Indias No First Use nuclear policy. Drawing on his long and distinguished career as a diplomat holding critical positions in Indias external affairs ministry and in the prime ministers office, Menon considers each situation against the backdrop of Indias evolving definition of her place in the changing global landscape. He brings out the history, politics and principles involved, while examining and dissecting the reasons for the outcome. Analytical, lucid and illuminating, Choices is an unmatched insight into the intellectual heft of foreign policy decision-making by one of India's most formidable diplomatic practitioners who was actively engaged in these five defining moments.

Abstract: From the Wolfson History Prize–winning author of *The Man on Devil's Island*, the definitive biography of Vivekananda, the Indian monk who shaped the intellectual and spiritual history of both East and West. Few thinkers have had so enduring an impact on both Eastern and Western life as Swami Vivekananda, the Indian monk who inspired the likes of Freud, Gandhi, and Tagore. Blending science, religion, and politics, Vivekananda introduced Westerners to yoga and the universalist school of Hinduism called Vedanta. His teachings fostered a more tolerant form of mainstream spirituality in Europe and North America and forever changed the Western relationship to meditation and spirituality. *Guru to the World* traces Vivekananda's transformation from son of a Calcutta-based attorney into saffron-robed ascetic. At the 1893 World Parliament of Religions in Chicago, he fascinated audiences with teachings from Hinduism, Western esoteric spirituality, physics, and the sciences of the mind, in the process advocating a more inclusive conception of religion and expounding the evils of colonialism. Vivekananda won many disciples, most prominently the Irish activist Margaret Noble, who disseminated his ideas in the face of much disdain for the wisdom of a "subject race." At home, he challenged the notion that religion was antithetical to nationalist goals, arguing that Hinduism was intimately connected with Indian identity.

Abstract: Composed sometime between 300 BCE and 300 CE, the Mahabharata's 75,000 verses narrate the legendary battle between two branches of the Kuru clan of North India, the Pandavas and the Kauravas, and its aftermath. Storytellers in all of South Asia and far beyond have entertained and instructed through this greatest of epics for generations past. But, as the translator says in her introduction, they have generally 'underr[ate]d the high emotion, mythological inventiveness, metaphysical complexities, and conflicted characters that animate the last books [which]...tell a unified and self-bounded story of their own'. In Book Fifteen (Ashramavasika, Living in the Hermitage) a wild-fire consumes Kunti, King Yudhishtira's mother, and Dhritarashtra and Gandhari, the parents of the Kauravas, living out their final days in the forest. But did they die a meaningless death? Fate catches up with all, even gods, in Book Sixteen (Mausala, The Battle of the Clubs) , when Lord Krishna embraces death and his Yadava clan is annihilated in a drunken brawl and an attack by bandits, in fulfilment of Gandhari's curse. It is time for the Pandavas to ascend to heaven, in Books Seventeen (Mahaprasthanika, The Great Departure) and Eighteen (Svargarohana, Climbing to Heaven) , but not before Yudhishtira is tested by a dog, to ascertain his steadfastness in the moral law. Bringing to bear her many years of study of the Mahabharata, Wendy Doniger renders the complex narrative in exceedingly lucid prose. The absorbing story and her masterful translation will appeal to the general reader and the scholar alike.
